The Left Coast Trio

The Left Coast Trio provides live entertainment and accompaniment for wedding ceremonies and receptions, holiday parties, social gatherings, and other happy occasions. We absolutely love music, we enjoy performing with each other, and we formed this group to offer something new to the community here in San Diego.

The trio provides a totally immersive experience into music, we envelope you with sound, we perform your favorite theme songs, and frankly we're just different than what everyone else does. You can get the same incredibly high quality classical music experience from hiring a wind trio while still being your unique self and amazing your friends and family! We get so many compliments from guests and clients wishing they knew that this was an option for their events and weddings, and just loving listening to our music, which makes us feel incredible - we really do love making events amazing!

We are hired by clients who are looking to break the traditional perceptions of stuffy classical music, and offer a large library spanning over six hundred years of masterful music, including favorite themes from Hollywood movies, jazz and upbeat swing, custom arrangements of pop music, traditional wedding cadences, and ballroom dances.

LCQ looks forward to providing a live, fun, and unique concert for you!
